SCIENCE FORUM 13:

Nutrition and health outcomes: targets for agricultural research

WELCOME!

SF13

- Not just another conference, but a ‘forum’ for active exchange of information between disciplines and sectors
- World leading speakers + those earlier in their career
- Aim for 50:50 presentations and discussion

SF13

Independent Science
and Partnership
Council

Objective:

To use recent evidence across a range of disciplines to identify priority research needs and new scientific approaches and facilitate new and stronger partnerships, through which the agricultural community can add most value to the delivery of nutrition and health outcomes

STEERING COMMITTEE

Maggie Gill, Chair of SC and ISPC member

Marlene Diekmann, GIZ

Peter Gardiner, ISPC Executive Director

Preetmoninder Lidder, ISPC Secretariat

Robert Mwadime, USAID, Uganda

Rajul Pandya-Lorch, IFPRI

Prakash Shetty, LANSA

Special thanks to:

Jenin Assaf, ISPC Secretariat

Judith Jansen, GIZ

Sandra Weissbrodt, GIZ

BREAKOUT SESSION

CO-ORDINATORS

Independent Science
and Partnership
Council

- Suneetha Kadiyala, LCIRAH
- Srinath Reddy, World Heart Federation
- Robert Mwadime, USAID, Uganda
- Delia Grace, ILRI
- Bhavani Shankar, LCIRAH
- Andreas Bluethner, BASF
- Myriam Ait-Aissa, ACF
- Jacques Trienekens, Wageningen University
- Will Masters, Tufts University
- Linda Fulponi, OECD & Yurie Taminichi Hoburg, World Bank

HELPERS

Independent Science
and Partnership
Council

12 student reporters who may interview you for their blogs and facebook page

12 student volunteers who will help you find where to go

Look out for the poloshirts!!

FORMAT

- 5 scientific plenary sessions
- 10 Breakout Groups
- ~ 1 in 3 of participants is already primed to speak, chair or lead discussion – want everyone to contribute

EARLY CAREER SCIENTISTS

- 21 selected from 64 applicants
- Each has been assigned a mentor
- Everyone (*no matter how old!*) invited to Wednesday afternoon session
- ECS opportunity to bid for post-SF funding (\$10-15k) to foster new partnerships

PARTICIPANTS

- 195 registered participants
- 80 Speakers, panellists, chairs
- 15 ISPC
- 21 Early career scientists

PARTICIPANTS

- ~60 CG + 15 ISPC
- ~30 donors
- ~30 NGO
- 21 Early Career scientists
- < 10 private sector

HOPE FOR THE FORUM

New thinking on designing agricultural research to contribute to positive nutrition and health outcomes

Everyone goes away having learnt something new and as a result thinking slightly differently about what they do in their daily job.

Everyone has interacted with someone new and new partnerships are created

Everyone has had fun!!

Evaluation

Independent Science
and Partnership
Council

- Consultants commissioned
- Includes evaluation of SF09 and SF11
- On-line questionnaire
- Interviews at SF13 – Green Ink
- Post-SF13 further phone interviews
- Analysis of feedback to inform future SFs

Post SF13

Independent Science
and Partnership
Council

- Summary and brief of findings from the Forum to be published
- Papers to be commissioned, potentially for publication in a special issue of Philosophical Transactions of the Royal Society, Biological Sciences
- Workshop to review papers, gaps and the implications for CG
